

Prince Edward Island
Association for
Community Living
Diversity includes.

Our mission is to strengthen the capacity of communities to include and support people with an intellectual disability and their families in all aspects of community.

PEI Association for Community Living works on the behalf of families and individuals with intellectual disabilities and will address issues including:

- Inclusive Education • Community Living
- Family Supports • Employment

If you or a family member needs assistance, please contact our office at

(902) 393-3507

13A Myrtle Street, Stratford, PE C1P 1B4

Located in the Excel Accounting Services building in Stratford.

PEIACL works strategically with other disability rights organizations. PEIACL is an active member of the provincial Disability Action Council.

the PEI Association for Community Living

Working on behalf of individuals with intellectual disabilities, and their families.

We are families, people with intellectual disabilities, and supporters working together to ensure that all people:

- have the same rights and access to choice, services and supports as all other persons;
- have the same opportunities as others to live in freedom and dignity, and have the needed supports to do so;
- are able to articulate and realize their dreams and rights.

To advance this mission, PEIACL

- Provides leadership for the issue of inclusion, advocating for the rights of people with intellectual disabilities and their families, and helping communities build an inclusive Province;
- Promotes awareness about inclusion and provides the tools for making classrooms, workplaces and communities more inclusive;
- Leads community change through partnerships like the Community Inclusion Initiative, a program that strengthens the capacity of communities to include and support people with intellectual disabilities and their families in all aspects of community life.

Inclusive Education

PEI ACL is here for you if you need help with your son or daughter in our education system. We can help navigate you through the education system from preschool through to post secondary education. We partner with school staff and students to increase awareness and build inclusive capacity.

Family Support

As a family grassroots organization, we are here for you.

We have regional workers strategically placed across the province who can assist you in navigating the system of all the generic services. We host annual family weekends, coordinate the Rodds Family Respite Program and facilitate family information sessions.

Right to Live in the Community

With shared vision and goals, PEI ACL is a member of the Partners for Change Coalition, which is working with government toward a No New Admissions policy into Island institutions. We work with families and communities to encourage government to commit the necessary resources to support the development of quality, comprehensive community based alternatives to institutional care.
